Much like we did before, we need to begin gathering information noted in the subpoena and have it ready to present by 1/18/22. I'll begin working on text threads and check to see if I sent any emails outside of Nimbus.

Eve,

Shawna Landeros, attorney with Miller/Johnson requested the Thom Bates file. Will you call her and see exactly what she needs then send it to her? Thank you. Her number is 405-437-2244

Update: Gary Bates is meeting with Miller and Johnson attorneys next week.

Corbin called back and said he wanted to take on this assignment but I told him attorneys were getting involved and his need for an inspection and report was put on hold

I met with Corbin on the scheduled time. He was just passing through the metro area from Tulsa on his way to Dallas. He spent over 30 minutes on the roof and took numerous photos. He wanted to get back with me on whether he wanted to accept the assignment from Mr. Bates to do a full inspection and report. He said he believes it to be hail damage

I have spoken to Corbin Swain, PE. He will inspect on March 12 with me around 2:00 pm
